

INVACARE® TOP END® Terminator

Yes, you can.®

INVACARE® TOP END® Terminator

Custom built to your specifications, the *Invacare Top End Terminator* comes in a range of seat heights, wheels, arm styles and footrests. If you're looking for value and performance, the **Top End Terminator Everyday** leaves all other models behind.

The *Invacare Top End Terminator Titanium* and *Invacare Top End Terminator Everyday* are full-frame custom-built wheelchairs, perfect for extremely active lifestyles, offering the latest in technology and comfort. If you need a heavy-duty chair you won't have to sacrifice either - the *Invacare Top End Terminator Series* combines great design with the strongest and lightest materials for an excellent chair that fits your body dimensions perfectly and delivers incredible everyday performance.

Wheelchair mobility for an active lifestyle

Wheelchair mobility plays a key role in an active life. With the right wheelchair you can get around easily and maintain your lifestyle. Today, innovation and technology have taken the wheelchair from its humble beginnings and transformed it into a sleek piece of equipment that is built to provide ease of use, together with strength, comfort and stability. These lightweight wheelchairs are easy to transport and are extremely manoeuvrable, allowing people with disabilities to stay active and participate in a whole range of different sports and pastimes.
