Enjoy the freedom thanks to best performance and stability

The **küschall® K-Junior's®** main purpose is to accompany the children of today through childhood and provide them with the right tools to express themselves in their very active daily lives.

The perfect combination of lightness and quality

The lightness of the **K-Junior's®** (9,2kg in standard configuration) enables best handling and driving performance.

Keeping in mind that today's kids want to look and be cool, the trendy and dynamic design was created by keeping visible parts to a minimum.

* CPS includes Starec hubs, 24" tyre rims, back angle adjustment plate, forks as well as castor housing and seat module caps.
